WILLIAM D. ANKNER, Ph.D.  
SECRETARY

## **I-10 Causeway Interchange Phase I Fact Sheet**

- This \$35.6 million project will construct five dedicated ramps at the I-10/Causeway Boulevard interchange. This project will improve efficiency and safety at this heavily traveled interchange. Approximately 178,000 drivers use the interchange each day.
- Construction will begin April 6 and will last until winter 2010. The contractor is James Construction Group, LLC of Baton Rouge.
- The new ramps built during the project will include:
  - An elevated on-ramp from northbound Causeway to I-10 westbound
  - A ground level on-ramp from northbound Causeway to I-10 eastbound
  - An off-ramp from I-10 westbound to ground-level North Causeway and Veterans Boulevard
  - An elevated off-ramp from I-10 westbound to northbound Causeway for drivers traveling to North Metairie and the North Shore
  - An off-ramp from northbound Causeway to Veterans Boulevard
- The existing ground-level northbound Causeway will be reconstructed and widened to make room for the new ramps. Drainage, sewer, water, phone and electrical lines will be relocated during this portion of the project.
- Learn more about the job by visiting the project's Web page at [www.dotd.la.gov](http://www.dotd.la.gov). Click on "Projects" from the "Programs & Projects" section of the main menu on the left-hand side of the page and select the "Causeway Interchange Boulevard" link.
- For additional questions or comments, or to sign up to receive e-mail updates contact DOTD's Customer Service Center, at 1-877-4LA-DOTD (1-877-452-3683) or e-mail [customerservice@dotd.la.gov](mailto:customerservice@dotd.la.gov). The center is open 7 a.m. – 6 p.m. Monday through Friday.
